| HUU chair campaigns and Democracy & Chair Governance 2011-12 HUU councillor of scrutiny & chair sport zone 2010-11 Hull University Labour Club HUU women's committee | | | | | | | |

PART 2 - REASONS FOR STANDING

Contents are not to refer by name or inference to any other candidate, nor contravene Union policy governing publication.

As a highly passionate & hard working member of HUU I want every student to have the best experience possible. As Chair Campaigns & Democracy I hear about the problems that students face and listen to what it is that makes their student experience great. HUU should be a place where every student on campus feels safe, comfortable and supported. Welfare only works if people know where to get it which is why my priority next year is bringing welfare back to you.

Being at the forefront of the fight to secure the future of student housing in Hull has been one of my proudest achievements this year - I now want you to feel secure in its quality. Searching the private sector for a home requires education, guidance and support, which is why I will launch a campaign to make the system more transparent, so that you know what's out there. Hull students should be looking for the best! I will empower you by giving you the knowledge you need and explaining the renting process; showing you what to look for & checking your contracts.

HUU has one of the best Advice Centres in the country; providing advice that 96% of students trust. Everyone should feel able to use this brilliant resource, which is why I will educate you on the services and facilities available and the help that can be given. I will also be bringing drop-in sessions to you; pre-advertised around campus and at first year accommodation.

Sexual health shouldn't be a one night stand; get it all year round with monthly SHAG (Sexual Health Awareness and Guidance) Days providing advice and sexual health testing. Also, condoms should be freely available for all students who want them as prevention is better than cure. I will deliver this by distributing condoms & sexual health advice in every fresher's pack with the option to get more at the Advice Centre.

University life can get tough when you're broke or not feeling your best; HUU needs a campaign to keep you and your bank balance feeling great. To do this I will organise with local restaurants to give free taster and cooking lessons, financial advice from Money Doctors as well as coordinating with Student Activities and sports teams to provide Give It A Go sessions for all to enjoy.
